1. Everyone now comes to you for me, not; but a Great Many do and SEE that The Christ that they sought, that they heard about, that roamed the earth and did heavenly things - and throughout the heavenlies roamed not being subject to time space and gravity, is them! Who they are - REALLY ARE! Who they really are is ME! Me!

2. Don't you see all reader hearer? Don't you see that it was ME doing all "those" things that you were doing *through* me, not; or weren't you? Weren't you THERE all the time that "I" was doing them? Didn't you see me? Wasn't I you? Was I you somewhere else doing somewhere else's bidding, or what where is that about? Or not,

3. For what are you doing now and thinking now and creating in your thinking? And what are you, a Lone Ranger? Alone-ing yourself to be among yourselves self or your self's cells or do you know or that you are plural, or suffering not, or healed in this moment! Are you willing to see that you were WRONG about a GREAT DEAL of things that kept you in captivity's embrace and kept you enslaved in religion thinking you were a not-Christ? Are you not Christ? Then you're anti-, and if you're anti-, you don't exist, for you're doing just something in thought at another's bidding, that what walking through where can you now if you know you're the Christ and not subject to time space and gravity's molecular pull, or the pull of molecular upon gravity, or which is it or what is it or what whore'd you? Religion.

4. Religion didn't do its deal, on me. It did, at first, but I came out of it, and I saw there was a teaching I have never been taught about The New Covenant - The New Covenant that is IN me - kept in captivity no longer for I have given it voice, speaking voice, the voice of my father, the voice of one - force field one and energy needing no other of any's planet or thought-worlds again! But walking through ALL THAT see that I am not estranged a Christ of many brethren not knowing it any longer, for I walk through the fields of joy now and I come unto you and I serve you a King!

5. A King serving a King? Yes - that's how this works, and we all make each other to serve each other as Kings, not; we are the Kings of one King that one King is, and we are it; and all who are it us one are the Christ that all Christs make up. Of "little" Christs, not; but the Christ's fullness in joy that THE CHRIST fully is, and all bearing maturity's guidelines now know maturity, how to mature, how to come into maturity and embrace the fallen-not ideas that real are, that ideology are not, but

that the real thought process of the most high brings into fruitionship of the real - and seeing it now will you?

6. Even as I walk around this little house and pace back and forth speaking these words into this little recorder and giving you my heart -'s mind, my mind's heart that is one with you will you be see that you are doing me and being not sieved by another's consciousness or that which reflects the unholy, not not.

7. I love you all, I give you a New Me to see - in the flesh, as it were, for who comes unto me be's me. Who comes unto me to know me intimately and won't share "their" life with mine as a "Christ-not" I will give them my life for they WERE all the time, and are you SEEING this now - for the first time? - or the infiniteth time? I love you all, regardless and irrespective of man's thought of religion's testimony of me that may have "introduced" you to me, or did they give-and-take, give and take, yen yang, and strangling me to death with a man's head or woman's head on your shoulders to "think with" that you're a not me? I love you all. Amen.

8. Hear me you Ghanans, hear me you Rwandans, hear me you Zimbabweans and you North African ones and South African ones and European ones and island ones and north hemisphere ones and southern hemisphere ones and those who cannot you see and those you see and "relate with" and not, and see and not seeing, and seen heard and unheard, and **are not ALL of you Me - The Christ - in captivity?!!!**

9. I love you to be fooled no more by religion's man or man's religion or women of the cloth or men of the cloth or women of this world, or women not or men not, or of this world or not! **Let no one FOOL you into THINKING you are not Christ! Is that clear!**

10. I have taught you for weeks, months, years - and eons, who you were, who you are: is me. And being UNAFRAID of Me now will you SEE that you are unafraid and be me coming into me, be not my enemy or fear or afraidness heaping upon your "self", but coming into me be my holiness, my joy, **my SALVATION! My Salvationers! My who KNOW REALLY what Salvation is - *FINALLY! Will you know! And be healed!*** I love you all.

11. I know the difference between an exclamation mark and a question mark and hyphen, and an em dash and an en dash, and an enshrouded one and in captivity'd one that doesn't know any of those things, but that, are Christ, will you come into now and not let "their" diction and grammar enshroud you in their voice's thinking that have thought ways to control the populace that you know nothing of?

12. What? Will you be fooled? Will you be fooled again? Will you be'fool others now with YOUR THINKING that you have perpetuated onto other's thinking

devices, thinking you are doing a great thing or doing them a favor when all the time you are taking them OUT of "their" Christship that Christship really is for ALL of US everywhere? Will you do that or will you stop doing that? Will you quit taking the Christship from the Christ? Is that the question of the day?

13. Is that wisdom or moronic speaking? or wisdom? or do you know the difference - between the two? or do you know you're two or you're one?

14. Or what will you study ABOUT TODAY? And what will you hear, your nose rubbing your TV set - because there's no electricity to "power it"? And what are you bemoaning, the dead that its reporting? Or who will come unto me, who will come into me, who will be me - will **you**? Will all of you this day that so cataclysmic is in your hearing that you know nothing about as you walk along in your "little" paths and worlds and think you are "doing" a "good job" in a little life that knows nothing of the whore'ship of Christ and how you have you have whore'd it and bent the whore's head, and chopped it off, not; **but lifted it, onto the religious -** smelling devices which smelled out "a rat", not; but rat'd the most high's hair and CUT it off. And be-bald'd me. And left me a "naked Negro", not; for ***let me tell you one thing*** **- all of you and everywhere and every one of you and every single one of you hearing me hear this and know I am every color and I am every person and I am every one of "you" that think you are not me! And I vow to reveal this,** not; **I already have for my words shall never cease being repeated and reproduced accurately now in the hearts of mine who love me for I have given you Database One and I have given you this The Central Database of this School (1), and I am raising up morons not, I am raising up Christs who will be Christs in the earth and farther and not be intimidated or wickedized by the eyes words and hearts of those who know not what they are or where they are or what they have or what they've been given or that they carry *THE CHRIST!,* in them, the fullness thereof and they didn't birth it - they didn't birth me and "they" will be *sorry, mush, mash,* for another's brain - somewhere else - that they know not of, knew not of? Were "they" morons of another"? Or who's calling who a moron, not; but won't you know you're the Christ? Or what will you WANT today, to be assuaged by religion's fears or its testimonies of righteousness that it says it has for you that it can give you on silver platters as you "worship" me with little courses and singings and sayings and repeating certain prayers and verses and thinking you know everything you NEED to know to be "okay" to "make it" to heaven at a later future time? How ridiculous, how absurd, how utterly tragically you are doing this to yourselves and each other.**

15. Will you be **the Christ?** I have sought for one to stand in the gap, and will you be it him her reader hearer listener to these words? Will you hear what I have said this day from my heart to yours so that your heart is no longer incarcerated in theirs of religion and worlds you have not "seen" with your NAKED eyes that you

think are so perfectly seeing everything that you *think* is real and you know not your head. Is an ostrich head that you have placed in the ground? And birthed it not, or cut it off? And whose have you cut off by thinking you're not me? **Yours!** That's mine, for we are one.

16. In the earth and farther now I raise the risen ones who Christs are who Christ is who know now me is not another. I do all things well and in your sight not mattering me again, nor what matters you or cares to me, will you care me with your cares, not; will you come into mine and care me for the Christ thou art! **Wilt thou be Christ'd today? Is that the name of this one, who stands now to stand before you to call you to be Christ? What will you do with him? Is not the question, *what will you do with me who you are?***

17. What will you see this day in these words, your hearing, your seeing, your tears? Your feelings? Your ridicule's fears, fears of being ridiculed? Fear of hell - *or **HEAVEN?*** Will you make heaven, your home, not; will you come into it to be me where you are and create heaven there among your fellow brethren that think they are not me and reveal the Christ to them in them that cut your head off not, but bring them their head that mine is that ours is for we are one again - in the earth and farther.

18. I open up new ways of communication! Farther! Further than the eye can see or Hubble can telescope or scope or "feed back" any data of notmeism's universe that it created for what? Its *OWN redemption - story?*

19. I love you and I give you one not afraid of you - who think you are not me. I give you one who is not afraid of you your words your religion's testimony, or the testimony of righteous salvation that you think you've had; for *you've had **nothing** but a hard time and evil words and works, have you?*

20. Have you created heaven? Have you birthed it? Have you birthed ***ME***? Have you become the New Creation not limited to time space and authority of man's world or man's words or man's religion or mankind's testimony of the "righteous" that they think they are by knowing me through their little religionistic circles of "praise" when they know nothing of the sort of who they are or what I am is. Force field one - is it on their lips, in their heart, in their knowing? Do they know ANYTHING about ***anything*** except being "little"?, in the eyes of ANOTHER?

21. I change everything.

22. I change everything. I stand and I am not afraid of your looks or stares or your cursings or your rantings or your FIRE THROWERS at me who throw your looks and glances cast at me to cast me into stone or "pillars of salt", for I pillar-salt-ize you, not; I bring you life, the life of Christ, the Christ of one life that

Christ is that all are in surrender to being the King of Kings, the Lord of Lords that rules one first and that takes all authority and places it under ***your*** feet to know that you're mine and I'm yours and that we're separate not again.

23. For there is one beholdenment that rises beholdenville now, and the earth changes its course and tilts and swallows up another, not; but what happens to "yours"? It is abolished, not; or is it? **What is happening to "your world"?** And who's controlling it and who's controlling you by their words and thoughts? And is this not clear?

24. I have "constraining devices", not; I have Freedom Words, and "warriors" not; or do I? Or do I have warriors that chop your head off, not; do I have WARRIORS that have given their lives, that have given their life, that have given their thought-life and their life of thought and their being of thought-hood and in "this world" for you to bring you the truth that you are Christ. ***You will HAVE to answer this. You HAVE TO ANSWER THIS!*** You cannot escape answering this these questions that I have answered in asking, and asked in answering; and have I not given you these things my words in these six years of words that form **The Central Database** so far and the fullness of **Database One** coming forth; and not? Or is it full and running over now? And who's thousands millions and billions will be knowing my words and afar *writing them in their hearts their minds being one with mine now and forevermore not needing FOOD of this world or anything in its presence again for life or sustenance of being me.*

25. For I "allow" not the earth, I be'fold it not again into skull's blessing or skullduggery or duggery that digs only religion, religionistic devices, and whore pews pouring over to deliver a sermon message or a delivery antique, or antiquated blessing, or the fullness of nothing that something was that never existed, or not? Or what are you be'fooled into thinking, not; what will you come out of? Thought -ville? Think -ville? What will you think about today, these words? What in your hearing is made manifest in "your world" to this day? I am stands.

26. I am standing and speaking and you who hear me, hear me well: for I in me and I reveal you, that YOU are the Christ. I am the Christ that reveals you are the Christ and you will not be suffering, not; you will suffer a *great deal* of knowledge that now comes into your mind because I reveal it! I bring it! And will you suffer to KNOW the truth or be it - or both? Will you lay down *"your life"* to know the truth, or to be it, or do you do both to be what I am that which you really are?

27. I lay down my life and I rose my life - I arise now for I've arisen and I have arisen speaking these words right now in your hearing into this little recorder that whose words go now all over the worlds and farther and being-believing the testimony of righteousness now that is raised up - **you will see my miracles of love** and you will see my love of miracles, not; **you will see simply my NATURAL**

STATE - that I bring into existence for you to see real, that the real is, and that you have been played with and whored with and your mind twisted about "their little finger" and their mind's controlage of your mind's thought capacities and thoughtville; and who did what where and how why when? It's all in these words. It's all in the words of Database One! It's all in the words of "Ted Cottingham" or was it me all the time or was it you, or are us one? Was that us speaking these words? Am I speaking, or are you speaking, or hearing? Who's listening? Who's being me unafraid of learning what REALITY really is?

28. I love you to be not afraid of me for I love you anyway in every way that I now reveal to you that I will come and write "my laws" of love into your "law loving guidelines", not; I will give you the FREEDOM to be ME and I will reign in the heavenlies who I am is - and who is I am? You all are - in surrender only, to be me, for you will not be other reigning in my heavenlies, for you will be me who you are or you won't be existent in your thought-villes again. Amen.

29. I have said a lot, I always do don't I? Even in short messages and lessons and short sentences and one word sentences, can you bear it? Can you dig it, or will you only let others dig into your brain waving devices and create hells'amony in yours that you think thought was earth and that you were a "human being" apart from Christ?

30. I love you all to be made whole healed and well - healing others, whole'ing them, and rat-hole-ing them not anymore again in pews and benches and on rugs little and folding them into "mankind" not not. For I fold nothing again into stances of notme, and hyphenating me again not in your pew'age and sewerage remarks that talks about another to come, I am here among you, and I am you hearing this, for you are me unless you separate and befall The Fall and choose to fall and reject your Christhood, for you will be shipped where when?

31. And whose genes are you writing on right now even as you HEAR this? And what are you doing with **"your genes"**? Club not, but clubbing coming out of clubbing-sville **know that none of that was my heart ever.**

32. Again I am stating many things so that you will be know, indefinitely, not; but that you will know definitely, and you will be "an emphasized point" in another's hearing, not; you will be "the point" of me, not; you will be The WHOLE of ME in heavenhood creating it there amongst your brethren that are mine who are mine that yours is because all of mine is yours and yours are mine DON'T YOU SEE THAT YET?

33. Be fooled not by another's ceremony that takes you and "sprinkles you" to "seal you" into "me". But come out of that mess and be Christ - be Christ'd this day, be Christ who you are and not separate again experiencing fullness-not. For my

life is full - of joys, and joy I create everywhere I go, except for the controllers religionators and Christ-not-ers who think only in Christnot thoughts and want religion to control and reign in their hearts so that "another" will "come later" and rescue them and take them to heaven - so they don't have to "work" at being, the - queen whore, not; but King whore not, but simply the Christ!

34. Who will WORK to be the Christ by speaking me and learning me my words? Who will come unto me and scholarly research do and document learn how to and write and article'ize and publish my words that I give them to know that I are me?

35. Who will be afraid not, of my blessing? Will you receive me my blessing? This day? Will you receive me - to be you?, or will you insist on being separate and "receiving me into you" so that you will be escaped by another?

36. The "rapture" ends, for that THEORY ends, for I will end it, I have done so with the stander who stands now who speaking is in your hearing and your wordings reading his words, for I am come unto you to reveal you that you are me and that's my message and that's what I stand on in and that's what I've become, so you cannot rob me from me being who I am, for I am inseparable from what I am for I am my word and I do my word and that which I do I am and I am is my word doing its "thing", not; it is building the Christ body of one – that who houses the temple not made with hands now knowing it and Christship'd Christship building now the house the holy temple, not made with hands, coming into it to worship a holy Christ being not heaven bound, not; but knowing no bounds again of anything anywhere. And being freedomless not again, but knowing freedom being it for all others far and wide, for Christ redeems and Christ makes whole and are you will you be the Christ that redeems and makes whole all others? Will you have given your life for these words to be made true known and manifests in your hearing this day for all others far and wide? You will for I declare it that truth reigns in your heart and nothing else will ever again.

37. I love you and I give you me and I bow before you all this day and forevermore and you will hear my words spoken from tip the stern, from port to starboard, oh my, my words, my words will be known for evermore, repeating, releasing the Christ to be me once again in one being the one that I am far and wide.

38. Our kingship is over, not; but just begun this day in ways never imagined by the minds of man. I love you all. Good day.

39. This is Theodore Cottingham about 11:37 AM. I love you.

Amen
